

Common Sense Isn't

is a ministry dedicated to the idea that all people regardless of belief or status, need to be closer to God, their Father.

The name refers to the fact that many things which should be self-evident are not, the primary one being that *God is your Father, who loves you*

Primary outreach is through written articles, tracts, series, and books. An extension of our written articles is the production of short video presentations and video 'tours' of specific topics.

Some series and lessons are offered for on-site presentation by CSI or may be made available by CSI for use by a local church or organization

All materials presented on the CSI website are the property of Common Sense Isn't and are protected by Copyright and/or Trademark. All CSI materials may be used by anyone for their intended purpose of bringing people closer to God provided the materials are not altered and no fee is charged to any receiver of CSI materials. Any alteration, other use, or use in an event for which a fee is charged requires written approval from CSI prior to use.

Our logo comes from the point of our primary site tour, "A Walk in the Woods" and satirizes the attitude that a few logs cannot spontaneously arrange themselves, but an incredibly complex process involving millions of interactions - such as life - can. The CSI logo is Trademarked and may not be used without permission.

Common Sense Isn't is under the oversight and guidance of a group of Elders. Common Sense Isn't is self-funded.

"The Broken Trail" refers to the path walked by those who follow Jesus – the journey to intimacy with God which, due to our own stubbornness, usually requires heartbreak (Ps 51:17) and the constant healing of the Lord (Ps 34:18; 147:3)

Ps 34:18 "The LORD is close to the brokenhearted and saves those who are crushed in spirit."

Ps 51:17 "The sacrifices of God are a broken spirit; a broken and contrite heart."

Ps 147:3 "He heals the brokenhearted and binds up their wounds."
